## **BOOK SYNOPSIS**

This manual presents the first empirically supported homework intervention approach specifically developed for families coping with ADHD in children in grades 1-6. Special features include detailed case examples; checklists for monitoring interventions; recruiting instruments and outcome measures; and reproducible parent handouts. Ideal for use with groups of parents and children, or with one family at a time, this manual is intended for school psychologists and counselors, clinical child psychologists and other mental health practitioners, and special education professionals.
