BOOK SYNOPSIS

Published on a USB drive, the Complete Digital Catalogue presents all the arms and armor held by the Wallace Collection in more than 7000 new photographs, ranging from whole pieces to close details and presenting them from many angles. This magnificent and visually stunning resource is both rapidly searchable and is fully comprehensive, containing also the texts of Sir James Manns 1962 catalogue of the European arms and armor—which remains a fundamental reference work for the collection and for arms and armor studies in general—A.V.B. Normans 1986 Supplement and every catalogue going back to 1900.
